

NC ELITE VOLLEYBALL

CONTINUES A SUCCESSFUL COLLEGE PREP PROGRAM. We also offer competitive regional plus, regional and developmental opportunities ages 8U-18U

ONE MISSION: NC Elite Volleyball Club will prepare student athletes for excellence in volleyball through advanced physical training and education of the sport.

ONE VISION: The vision of NC Elite Volleyball is that all club participants gain a sense of pride and confidence to pursue their volleyball aspirations.

EXPLOSIVE GROWTH & RECRUITING SUCCESS: NC Elite was founded before the 2008 Club season with just two teams and one athlete committed to an Ivy League experience. In eight seasons, we exploded to 9 national teams, 17 competitive in-house teams and a total of 27 registered Carolina Region teams having 35 teams overall. We have had 69 student athletes reaching their goal of playing collegiate volleyball. During our 2014 season, we had 7 Division I commitments and 100% of our seniors who sought a collegiate opportunity committed to play. We boast annual Regional Championships, All Region, Academic All American, USAV High Performance selections both regionally and nationally, National Championship MVP and one of three National Championships obtained in the history of North Carolina Volleyball. This year Genna Simpkins 17 Black achieved a 16U Sand Doubles National Championship.

OUTSTANDING STAFF: Coaches are IMPACT certified. A majority are also certified through the Positive Coaching Alliance and several hold USAV CAP Certifications Levels I & II. We have multiple coaches who hold personal training credentials. We have coaches who have or do play on national teams, we have both current and retired Division I athletes, sand volleyball champions, State and National championship coaches and players. In addition, NC Elite holds coaching clinics for coaches during the season and encourage continuing education. Our focus is a unified training system for our student athletes making the transition from coach to coach, team to team and collegiate training as seamless as possible.

OUR FACILITY: NC Elite operates inside of Netsports which is located at 3717 Davis Drive. We utilize a five court air-conditioned facility with a concession area and wi-fi accessibility for our families. NC Elite hosts multiple tournaments throughout the year.

PARTNERSHIP WITH ATHLETIC LAB: NC Elite will remain training partners with Athletic Lab. Athletic Lab provides mandatory intense fitness training to our national teams at our facility twice weekly. Athletic Lab's certified experts have created a training program that is volleyball specific with proven results. Our data indicates significant growth throughout the season. They provide benchmark levels and goals for each of our student athletes over the course of the season. Our student athlete's maximized core strength, vertical leap and speed & agility. Athletic Lab will be available to consult with our regional plus and regional student athletes in separate programming offered at their location.
